Disclaimer

The ADHD Trainer's courses and the associated materials are designed specifically for UK-based practice and are tailored to UK regulatory and clinical frameworks, including the NHS, NICE guidelines, the UK Mental Capacity Act, and the Equality Act 2010. Clinical guidance from NICE is referenced under UK commercial use permissions and is intended for clinicians practising within the UK. International participants joining this course are responsible for ensuring compliance with their local jurisdiction's licensing, copyright, regulatory bodies, and clinical practice regulations.

The course learning material is for education purpose only. It is not valid for individual clinical practice or decision making. The healthcare professional assessing or treating patients is fully responsible for their own practice. The ADHD Trainer does not hold any responsibility of anyone using this course material to make any clinical decisions or risk management. Please note the course information may not be up to date.

Completion of this CPD training does not in itself confer independent authority to diagnose ADHD. Practitioners must work within their competencies, professional scope of practice and local governance arrangements.
